

BRUCE SEXTON, DDS

Dear Valued Patients,

Under the direction of Governor Whitmer's executive order 2020-17, our office will be closed until the Covid-19 State of Emergency is lifted. When that will be is uncertain, but will not be before April 13.

We are allowed to treat emergency and urgent care situations. There are guidelines for what can be considered urgent. Basically, we ask that if you are not in pain that you delay any treatment you may need.

Due to the shelter in place order placed on 3/23, we will no longer have team members in the office answering phones. However, we will be sure to check the voice messages often and return calls of urgent nature as timely as possible. If you are in pain or have an emergency situation, please follow the prompts on our voice message to leave a message with Dr. Sexton.

Due to the uncertainty of the current situation, we will not be rescheduling appointments until we know more about when we will be allowed to work again.

Thank you for your understanding. These are troubling times and we need to all work together to keep this virus in check. We hope that through our efforts, your efforts, and the efforts of everyone around the world that this situation can put behind us as soon as possible.

We are all in this together,

The Dental Team of Dr. Bruce Sexton
